Dear Author:

The policy approved by the IEEE Communications Society Operating Committee in 2019, and subsequently by the TAB Periodicals Committee and the IEEE Publications Services and Products Board, established a Mandatory Overlength Paper Charge applicable to papers submitted after January 1, 2020 that have been accepted for publication. The mandatory charge is \$220 for each TRANSACTIONS page exceeding ten (10) printed pages.

Authors are required to make a binding commitment to meet this obligation before their paper will be scheduled for publication. Completion of this form constitutes such an agreement.

I, the undersigned, agree to honor the mandatory overlength page charge, and ensure that payment is made to IEEE as a necessary condition for publication of the manuscript that I have authored (co-authored) in the *Transactions on Communications*.
